

Greta Leeming Studio of Dance

KEEP IN STEP E-Newsletter **Fall 2010**

Friendship. Excellence. Dance.

"The mediocre teacher tells. The good teacher explains. The superior teacher demonstrates. The great teacher inspires."

THOUGHTS FROM YOUR EDITOR

One of the pleasures of working on KEEP IN STEP is the opportunity to explore and be part of the world of dance at the Greta Leeming Dance Studio; to be forefront in a dream that touches the souls of our kids. In July our GLS competitive team took that dream and travelled to Orlando for ADA Nationals, in August our dancers were able to enrich their skills with leading choreographers at the summer intensive camp and as we head into our

2010/2011 dance season our kids are at the forefront of experiencing the studio's 49th year. What an accomplishment! Greta, I would like to take this opportunity to tell you what an inspiration you are to children, parents and business owners. What an amazing journey you embarked on. I look forward to celebrating and sharing Greta Leeming Studio's 50th Year! And as we begin this

year, I would like to encourage all of the dancers to continue to strive for excellence. You are the reason we are all on this journey we call dance.

Thank-you for allowing me to be part of your newsletter.

Ask Tami-Lynn

Hi Tami-Lynn, my daughter is presently dancing recreationally and wants to compete, how does she get started?
